Cathrine Sandmæl

Girls

Eli has recently moved to a suburban town just outside of Oslo. She makes friends with a group of girls who love manga and admire her for her drawing skills. One of the other girls in the group is called Nina. When Eli jokingly kisses Nina at a birthday party, she thinks she's developed a crush – or wonders if she has. Because what is it really like to have a crush on someone? And did Nina only kiss back as a joke, or was it serious? *Girls* is a funny and poignant coming-of-age book about friendship and discovering who you are – both on your own and in relation to others.
