One day something strange happens, and it all starts when the elephant gets hold of a fashion magazine. Curious, she turns page after page. "This is the way to get rid of wrinkles," it says. "Oh? Get rid of wrinkles! Should I do that," thinks the elephant. Happily, the magazine is full of good advice.

"Elephant what have you done?" asks the zebra."I just got rid of my wrinkles," says the elephant. "I read about it in this magazine. Would you like to borrow it?""Yes, sure!" says the zebra

The zebra reads, "Never dress in horizontal stripes." I don't have anything but horizontal stripes, she says despairing. Thank heavens for all the tips in the magazine.

"Is that really you," Zebra, asks the panda bear. "Yes, it's me. I just stopped wearing horizontal stripes." "Why?" asks the panda bear.

"It's unbecoming is what it says in this magazine," says the zebra, "do you want to see?" "Yes, why not?" The panda takes the magazine and makes himself comfortable.

The panda reads, "Are you bothered by dark circles under your eyes?" He understands now that he must be very bothered although he has never felt that way before. Fortunately, there are many ways to get rid of them.
