MORMORS UTROLIGE VENNINNER
UNTIL WE MEET AGAIN BY THE SEA
THE GRANDMA TRILOGY, BOOK 3

A NO. 1 BESTSELLER IN GERMANY
AN ANNUAL BESTSELLER IN NORWAY 2025

AS LONG AS Juni remembers, her grandmother's girlfriends have spent one week every summer at her grandparents house on a small Norwegian island – swimming, dancing, laughing. But also whispering in great secrecy. Everything that happened to them during the war and afterwards, these women only ever shared with each other.

BIRGIT IS A nurse in Bodø in Northern Norway during World War II and becomes involved in the resistance. She falls in love with a Russian prisoner of war, but the secret relationship has disastrous consequences.

NADIA IS CAPTURED by the Germans in the Ukrainian countryside and sent to Bodø as a forced laborer. Hundreds of women around Nadia are trying to survive the harsh working conditions and daily sexual assaults of those ice cold war years. Many children are born in this place of horror. A Norwegian Nazi soldier is the only one who makes her feel valued as a human being until Nadia finds out: she is pregnant. Birgit and Nadia's paths cross during these years. Both are friends of Juni's grandmother, and like her, they hide their stories from the world. When the war is over, the story continues in Bodø, Oslo, Moscow and on the Intelligence Service's farm in Gudbrandsdalen.

UNTIL WE MEET AGAIN BY THE SEA is a story about the friendships that make life worth living despite great trials – a novel about hope, strength and fateful love.

» "You can't forget the terrible scenes from the war and the women's vulnerability, both at home and abroad."
GÖTEBORGS-POSTEN

» "Exciting and readable about the atrocities of World War II and the love stories of three generations in the shadow of the war. […] This is first and foremost a readable novel, written by someone who knows how to tell a story – and who has an interesting story to tell."
ADRESSEAVISEN

» "The questions raised are both poignant and timely. Who is allowed to be a victim? Should only the history of the victors be written? And why does wartime revenge always hit women the hardest?"
