Gunnar Staalesen

The Consorts of Death

"I got a telephone call from the past." Thus begins the thirteenth novel in the series about Bergen detective, Varg Veum.

It is September 1995, and Veum is in his office when a telephone conversation takes him back twenty-five years, to a case he was involved in while working as a child protection officer, during the summer of 1970. A small boy was separated from his mother under tragic circumstances. But that had not been the end of it. In 1974 the same boy had surfaced in connection with a sudden death in his new home. And then again ten years later, in connection with yet another case: a dramatic double-murder in Sunnfjord. The small boy is now an adult, and on the run in Oslo, determined to take revenge on those responsible for destroying his life, among them the former child protection officer, now detective Veum.

Staalesen at his best, most suspenseful and most humorous.

- Dagsavisen

An incredibly well-composed story.

- VG

A very topical offering ... Staalesen is another fine representative of Scandinavian crime fiction
