Gjermund Gisvold

The Cuckoo in the Nest

Anton Dalgård is a simple soul with a dark past.

He would really just like to be left in peace, but constantly finds himself in situations involving the neighbors in his building, an odd crowd on the margins of society. By Anton's hand, they are pushed closer and closer to the edge. Until someone slips off.

In a naïvist and reticent style, rich in humor and sharp observations, Gjermund Gisvold's first novel paints a portrait of a society in miniature unravelling.

«Gisvold's novel is eerie, funny and striking, all at once.»

- Anne Merethe K. Prinos, Aftenposten

Gjermund Gisvold

Gjermund Gisvold (born 1972) lives in Trondheim. A scriptwriter, he is currently working on several film projects. This is his first novel.
