Aage Storm Borchgrevink

Transformations

One day the king discovers that he has grown horns and a tail. He is on the metro on his way to Frognerseteren, just like his father did during the oil crisis in 1973, raptured in an iconic norwegian picture, but the world has changed. There are more cameras now. More glares. It was only a matter of time before there would be consequences.

Young Iselin Fuglesang is elected as the new deputy chairman of the party. But the political life is more demanding than she expected. Before the weekend's national congress is over, she will have witnessed an attempted coup, abduction, and an unexpected political renewal, inspired by ancient Egyptian rituals.

Who said Norwegian politics are boring?

In *Transformations* the reader is faced with a world that resembles our own, but is still different, and through twisted and alien elements, Aage Storm Borchgrevink is able to bring to life important characteristics of our own era. In addition, the book contains an essay about the ideas behind these fables, where Anders Behring Breivik plays an integral role.

Transformations is a sharp, funny and disturbing collection of contemporary fables.

Aage Storm Borchgrevink

Aage Storm Borchgrevink (born 1969). Since his debut made his debut in 2000 he has written

novels, short stories, essays and non-fiction. In 2012 he published *En norsk tragedie. Anders Behring Breivik og veiene til Utøya* (A Norwegian Tragedy. Anders Behring Breivik and the Roads to Utøya)z which won him the Critics Award. *Transformations* is his sixth book.
