Øystein Morten

The Search for Sigurd the Crusader

Sigurd Jorsalfare was the first European king to enlist in The Crusades. The stories about his fearlessness and numerous victories have made him one of Scandinavia's greatest heroic figures. In 1108, at eighteen years old, he led 60 ships from Bergen on their way to Jerusalem. The author Øystein Morten has traveled in Sigurd's footsteps, in search of a truer picture of the Saga King.

Øystein Morten tries to reconstruct the paths Jorsalfare took and the battles he fought. One of the most spectacular of which occurred in a mountain cave on the Spanish island of Formentera, where the author climbs among the cracks and cliffs to understand how Sigurd could overcome the enemy, a hundred meters above sea level, using ships.

Three years after he left Bergen, Sigurd Jorsalfare returns home, but all the ships are gone, and the king himself – has he gone mad?

Øystein Morten takes the Norwegian and foreign sources about Sigurd, and brings them to life, putting them in a whole new context.

This is storytelling at its most exciting!
