Anna Fiske

Hello Down There!

Hallo der nede! is modelled on the same principle as the other Hallo books by Anna Fiske. We follow six insects for sixteen months, and readers themselves can also find and see other things changing from one month to the next. A lot of exciting things happen underground. Caves, swimming pools and banqueting halls are built. The book starts in July and finishes in November of the following year. *Hallo der nede!* is a treasure chest for anyone who likes to search and find and to immerse themselves in lots of small funny details.

Other titles in the series are:

Hallo jorda! (2007)
Hallo Byen! (2009)
Hallo Planeten! (2010)
Hallo der nede! (2012)
Hallo Havet! (2014 - English sample translation available)
Hallo Skogen! (2017)
