## *Nitwit Ghosts*

Lina doesn't believe in ghosts. Nor is she in the least afraid to meet Mons and Gilbert in the graveyard. But why did Sara have to say she couldn't come?! Lina has to go to the graveyard all by herself. It's so terribly dark, apart from a few flickering lights. And where are the boys? Suddenly she hears a scream...Anneli Klepp has written a warm, humorous book about situations everyone can recognise. This is the sixth book she has written starring Lina.
