- The jury statement of the Brage literary prize.

"When kids turn detective — the best new children's books. ... Norwegian author Kristin Roskifte increases the number of people depicted page by page, inviting the reader to trace individual stories from one image to the next. The book shows enthrallingly how each and every person matters."

- The Financial Times

"A treasure house of mysteries large and small."

- Kirkus 'Starred' Review

This brilliant book can be enjoyed for hours on end without becoming bored. It is easy to lose oneself in and between the pages, diving into each picture and leafing back and forth between them.

- International Youth Library / White Ravens Catalog 2019

Everybody Counts is an absolute knock-out of a book that will captivate audiences of all ages. ... Everybody Counts is an impressive

book that provides a unique view of the multitude of connections and coincidences of life.

- NZ Booklovers

“An award-winning seek-and-find picture book with a difference, this tall volume, ... invites readers to think about what is going on in their lives, or about to happen, beyond what you can see. A great stimulus for observation, empathy and imagination.”

- The Sunday Times

“Well this is just the most brilliant counting book. “Everybody Counts” by Kristin Roskifte is full of repeating characters and developing stories. It’s wonderfully clever and cleverly wonderful. So much to see and so many stories to tell.”

- Simon Smith, PicturebookPage / Bookauthority
