Torbjørn Ekelund

A Year in The Woods *A microexpedition*

This is Torbjørn Ekelund's account of spending one night per month alone in the woods throughout 2013.

As a boy he used to dream of hazardous expeditions to unmapped regions. At the age of 41 he realised that twelve nights in the nearest wood was the best he could hope for. It wasn't much, but it was better than nothing.

'A refreshingly modest style with liberating little observations in an appealing low tempo about occasional escape from the daily grind.'
