## *The School of Death* *Robophobia 1*

There's something strange about Rubbishtip school. Richard and Tommy find 'memories of the past' everywhere, and several of the teachers get crazier and crazier. At the crack of dawn, Richard finds himself caught up in mysterious, horrible events. Is a ghost haunting the school, or is there a bloodthirsty murderer wandering about the place? Or are the school's dark secrets something much worse?

Robophobia are thrillers about three friends and what happens when technology runs riot.
