**Marit Larsen**

## *Agnes's Place*

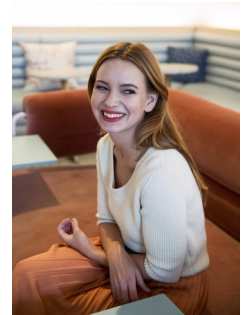

Agnes has lived her whole life on the third floor of an apartment block. It's almost impossible for her to imagine living anywhere else. One day Anna moves in, and everything is turned upside down. Because, what actually is “home” and who gets to call it that?

*Agnes's Place* is a colorful, illustrated picture book about being new, and about belonging. The book is perfect for children from 3 years and up. Songwriter and musician Marit Larsen makes her author debut with the picture book *Where Agnes Lives*, beautifully illustrated by Jenny Løvlie.
