Northern Lights book 2 *The Vikings and the Oracle*

In the second book the story continues where we left Sonja and Espen in the woods of Jotundale, a magical Valley, only accessible through magical portals that let you travel on the northern lights.

Even though Sonja still finds Jotundale enchanting and thoroughly beautiful, a growing suspicion that there are dangers ahead, that might threaten this wonderful place, causes Sonja to worry.

One day a horde of vicious Vikings turn up in the woods together with a young girl, Lotta, of the Mountain people, who are known for their magic. As it turns out, Lotta is helping the Vikings by petrifying Trolls. Lotta's guardian, the mysterious Oracle, has agreed to help the Vikings to destroy the trolls. In return the Vikings are helping her find the enchanted tree.

In Northern lights - The Vikings and the oracle Sonja's wonderful adventures through Jotundale continues as the conflicts increase, and alliances are being put to the test. This is a true fairytale for the twenty-first century.

«I just hope that you are safe with me ... »

Lotta from the mountain people.
