Maiken Nylund

Rikka Doesn't Give Up

About being almost 11 and constantly having to go back and forth between your parents, about the people around you wanting to decide everything and the fact that your boyfriend is suddenly about to move away. It isn't easy being Rikka. Who's she going to hang out with if Jimmy moves and Lise has become friends with Gitte, who has always been mean to Rikka? A warm and relatable book about friendship, enmity and maybe a touch of heartache.
