**Anne Østgaard**

## *Bodies Are Odd*

Runny noses, dripping blood, strong muscles and limber legs! Our bodies are strange and fascinating things, and children love to hear about all the weird stuff that happens inside us.

This is an ebullient, colourful book that's full of fun, slightly naughty rhymes about the body and bodily functions. The book is packed with nonsense, bodies and colours that are guaranteed to get kids reading it over and over and over again.

## Anne Østgaard

---

Anne Østgaard (f. 1953) made her debut in 1986 with the book *The Story of Oscar*. She has published a number of books and texts for anthologies and school books. Since 1985 she has been working in publishing.
