## Victoria Kielland

# *My Men*

*My Men* is a work of fiction inspired by actual events, about Brynhild, a Norwegian servant girl, who emigrated to America in the late 19th century and became Bella Sørensen, then Belle Gunness of La Porte, Indiana. After her death Belle is known as America's first female serial killer, but Kielland writes, in an intense language, about a broken person, one who is always yearning, about going to the ends of the earth, about those who refuse to lose themselves; those who shall live and those who must die. No one who loves with their whole self can survive.

*'Gripping, unique, and amazingly well-written (...) An exceptionally good book.'*

- Vårt Land

*'Who writes like this? The book recalls modernist precursors, with prose bordering on poetry and almost tactile, at the very least sensual, as if the words are getting stuck to your fingers.'*

- Klassekampen - Bokmagasinet

*'One of the best young authors we have (...).'*

- Morgenbladet
