Grandma for sale

A new illustrated gem of a book from the author of *Ulf is unwell*.

The worst thing Nelly knows is to be picked up at the kindergarten by her grandmother. Grandma is always so strict and even worse, she makes weird food.

One day, Nelly gets the idea that it might be possible to sell her grandma to someone who doesn't have a grandmother of their own. She puts up a for sale sign outside grandma's house. A few curious people knock on the door. But then when someone who actually wants to buy Nelly's grandmother turns up, maybe it's not such a good idea to sell her after all?
