Toxic Facts

Educational fun for new readers.

Where do the most venomous snakes live?

What is a deathstalker?

Can poison save lives?

And what do we mean by a waspish tongue?

You'll get answers to this and much more in this book.

Toxic Facts is the fifth fun and easy-to-read fact book by Ingelin Røssland and Jenny Jordahl. They have previously published *Bloody Facts*, *Hairy Facts*, *False Facts* and *Stinky Facts*. These books are a treasure trove for fresh, curious readers who enjoy crazy facts.
