Dino-ABC: Learn the alphabet with dinosaurs and other prehistoric animals

A book for anyone who likes dinosaurs and is learning the alphabet!

Dinosaurs and other prehistoric animals never cease to fascinate us. In this book, this ever-current theme becomes an exciting entrance into learning the alphabet. Each letter is presented through a creature that once roamed the earth, along with beautiful illustrations and an easy-to-understand factual text. Children can explore the pages and discover on their own, while parents can create a pleasant reading-time. There is a lot to enjoy and a lot to learn – about the distant past and the letters of the alphabet.
