The Ski Thief *The Mysteries at Maribakken School*

Only two things stand between Kalle Berg and a mysterious ski thief: A snowstorm and the world's most slippery skis.

Easter is approaching. 4B is on a class trip to a mountain cabin where the weather is blowing up into a storm. In the midst of the storm, the power goes out. When the lights come back on they discover that someone has stolen the historic pair of cross country skis that hung on the wall in the dining room. Now it's up to Kalle, Eskil, Gina and Noor to find out who stole the skis.
