# *Alva*

A novel about zest for life, fear of death, and the dreams we bear within us.

Alva meets Patrick at a party. He's at art school and he sparkles when he smiles. He has honest eyes and Alva has never felt such a strong attraction to anyone before. But when Patrick falls sick, Alva oscillates between wanting to help and pushing him away. Is it even possible to fall in love with someone who is seriously ill?

## Hilde Hylleskaar

Hilde Hylleskaar (born 1961) was born in Bergen, raised in Stavanger, and now lives in Bergen again. She holds an MA in history. Her body of work is focussed on the psychological youth novel.
