Anna Fiske

How To Talk About Death

Death is next up in Anna Fiske's *How-series*. This is a topic that children are curious about, and which adults may find difficult to discuss. What actually happens with the body when you die? What's a funeral? And why do we even have to die?

Anna Fiske has an incredibly unique form of communicating, and in *How to Talk About Death* she speaks to the children at their level and takes them seriously, while also managing to write a heart-warming, inclusive and at times even funny book about death. A perfect conversation starter for anyone who has questions about death, or who knows someone who's passed away.

The *How-series* has been a phenomenal success both in Norway and abroad, and it has been translated into multiple languages.
