Imagine being human

Strikingly beautiful and well-illustrated collection of poems.

Could there be lions in the house? Where does sleep come from? Does a tree know that it creaks when the wind blows in its leaves?

Through forty-five poems, *Imagine being human* depicts a child's experiences and reflections from waking up in the morning until falling asleep at night. This collection of poems is beautifully illustrated by Nora Brech.

when mom runs

it is possible to keep up with her – at least on a bike

but

when she sits down on the sofa it is impossible to sit quite as still
