The fortune-telling cup

Can you predict the future to save a friend in need?

Simone has been looking forward to the spring fair with carousels and cotton candy. In the fortune-telling cup the fortuneteller foresees that great secrets will be revealed.

Simone and her friends laugh it off, but doubts arise when they discover that the fortune-telling cup is left behind when the fair moves on. Soon one surprise replaces the other.

What is Peter planning? Why is Leah even grumpier than usual? And what's with all the white envelopes piling up in her mailbox?

The fortune-telling cup is a charming story filled with fortunetelling, family ties and friendship – and how to help a friend

whose world is turned upside down!
