

Mari Moen Holsve og Karoline Grønvik

In Dad's head!

Imagine if you could journey into your dad's head. Imagine if you could see what he was like before you were born. Imagine if you could understand why he's so sad and sullen these days. This is precisely the journey that siblings Liam and Cornelia take when they suddenly wake up inside their dad's brain. But why are there so many different dads in there? And how are they supposed to get back out?
