Beyond the Gate of Stars

15 year old Paprika lives on a deserted island with her uncle Oliver. One day she sees something fall from the sky and discovers that the object is a spaceship — with a purple girl as its only passenger. The girl's name is Kaba, and she has traveled from her own planet to solve the mystery of a glowing stone called a «celestial sapphire». She hopes it will lead her to the « Gate of Stars».

According to legend, anyone who passes through the gate will have their greatest wish fulfilled. Oliver and Paprika set out on an exciting adventure with Kaba to find the «Gate of Stars». But they are not the only ones seeking to unravel the mystery...

Beyond the Gate of Stars is the first book in a brand-new, action-packed Nordic Manga series.
