Lisbeth Dreyer, Per Ragnar Møkleby (ill.)

Konrad the Sea Urchin and other creatures in the ebb tide

Nothing is more exciting than exploring the rocks in the ebb. All children love the little creatures that hide there.

Through playful poems and drawings, author Lisbeth Dreyer and illustrator Per Ragnar Møkleby take us to a world full of animals from the sea, fjords and beaches. They take as their starting point the characteristics of the species, their appearance and their way of life and create funny situations.

An imaginative and humorous picture book about life in the fjord, sea and among the rocks.

A little summer gem that both young and old can enjoy.
