Rust

Rust is an extensive novel, about exile, revenge, nostalgia, terror and torture – as well as love, rock, coming of age, friendship and confusion.

The first part of Rust takes place in Norway, and is about Thomas, Passolini and Daniel who play in a rock band and live a privileged bohemian life until one day the enigmatic and brilliantly talented Passolini suddenly disappears and leaves his friends in a vacuum. The second part of the novel takes place in Buenos Aires and tells the life stories of a group of Latin Americans – almost all of them have lived in exile, (Passolini is one of them) – until they assassinate eight closely selected persons, military doctors, torturers and squealers.

Rust is a story about memory, exile, inheritance and ghosts.

An explosive novel. Enter a hardcore party of rock and revenge.
