Irene Länsman, Sunna Kittí (ill.)

## *Biret is busy*

Biret wakes up to strange noises coming from the yard – maybe her father is chopping wood. She hurries to the window and gasps when she sees what he's doing. I have to get outside before an accident happens, she thinks. But she barely makes it to the front door before knocking over the water bucket standing there. She never reaches her father.

What was the accident Biret was so afraid of?

Irene Länsman, Sunna Kittí (ill.)

---

Irene Länsman is a Sámi writer known for her contributions to contemporary Indigenous literature, primarily writing in Sámi languages. Her work often explores themes of identity, cultural heritage, and the relationship between people and the natural environment. Through her writing, Länsman helps preserve and revitalize Sámi language and storytelling traditions, while also bringing modern Sámi perspectives to a wider audience.
