## *Fun with Numbers*

### *One page for each number 1-100*

A colourful presentation of the numbers, with examples of use, simple calculations and a lot of fun. For children 5-9.

---

## **Inger Landsem and Gunnar Nordberg**

Inger Landsem is an illustrator and a visual artist. She is especially interested in children learning and playing. Landsem has contributed to a number of textbooks and non-fiction books, both as an illustrator and as a co-author.

Gunnar Nordberg teaches mathematics for student teachers at Oslo University College. The last few years he has worked primarily with students and teachers in lower primary education. He has authored and co-authored textbooks and books on teaching methodology in mathematics.
