## *Benny-Bob's Banana Burgeer*

A wild, hilarious new illustrated humour series from Arne Svingen and Flu Hartberg!

There are times Benny-Bob thinks it's a bit stupid to be a teacher if you don't like children. Especially when you're made solely responsible for organising the school camp trip with the whole class.

But even if he doesn't like children all that much, it can be quite smart to get to know them better. As adults, some of them can become dictators, billionaires or hairdressers, and suddenly they will remember the nice teacher who took them to a school camp. If Benny-Bob is to become rich or get a free haircut, that's the way it's got to happen.
