The Sudden Cats

Thomas and Theo go to their grandfather to eat pancakes, listen to his old records and to play garage rock with him. While eating, something very strange happens: their grandfather suddenly turns into a cat! They think this is fun and exciting, but also a bit challenging. And soon they are going to give a rock concert for the whole village with their group "The Sudden Cats". This is a picture book aimed at children/young adults that have started to read longer texts.
