## *Awake?*

### *A Bedtime Book about Animals that don't sleep at Night*

A playful and informative story about animals that are awake at night

A brother and sister sneak out of the house when it becomes dark. Their mother is on night duty. The children use their flashlights to look for animals that crawl and creep, climb and run, swim and fly. Each chapter tells what the brother and sister find and about each individual nocturnal animal.

Why are these animals awake when others sleep? Are they unable to sleep or are they awake while they sleep? The nocturnal animals covered by the book include foxes, toads, bats, spiders, ducks, night owls, snails, ducks, otters, crabs, mosquitoes and others that are out at night.

A captivating book for inquisitive and curious children aged 6–10. Written and illustrated by the popular super duo:  
Erna Osland and Anna Fiske.
