William Wenton and the Orbulator Agent

William Wenton #3

The adventure continues!

When Big Ben suddenly stops ticking, William knows something big is about to happen. And sure enough, a mysterious figure calling himself the Orbulator Agent shows up, marking the start of a new whirlwind adventure for William and his best friend Iscia. What does the Orbulator Agent want with William? ... And what on earth is an orbulator, anyway?

Dark secrets and seemingly impossible-to-crack codes fill the pages of the third installment in the internationally acclaimed William Wenton series, *William Wenton and the Orbulator Agent*. Bobbie Peers' return to the Wenton universe is a sparkling parade of ingenious twists and turns, smart-mouthed robots, and bravery – in all its shapes and sizes.
