Nightmare

Jonas let Emilie down when she was bullied by some older boys. He didn't help her, but chickened out, slung some insults, and left. Now strange things are happening to Jonas at night. He wakes up, but is still dreaming, and he just can't move. Something dark is in the room and it's getting closer and closer... What is it? What does it want? Why is it coming for him?

Together with his best friend Sander, Jonas tries to figure out what is going on and to stop the looming threat. *Nightmare* is both a gripping thriller and a story about friendship, courage, a guilty conscience, and trying to make things right.
