Janne Stigen Drangsholt

Winter in the World's Richest Country

High-level whimsy

Ingrid Winter is back, and with her the chaotic family, the hopeless work place, the overly expensive house which creates yet more problems, and if that wasn't enough: The perfect family moves in next door, and Ingrid's old grandfather is about to lose it completely. All the while, Ingrid's inner demons are prepared to make a difficult situation just that little bit more difficult.

Winter in the World's richest Country is a freestanding sequel to *The Marvelous Misadventures of Ingrid Winter* (2015), which helped Janne S. Drangsholt make a name for herself in comedy, and Henriette Steenstrup optioned the film rights even before the book was published.

«High-level whimsy from a talented writer, confident in her own genre. Her writing is both sharp and witty, with references to popular culture and academia intertwined, seamless and great without a noticeable change in pace.»

- Adressavisen
