## Simon Stranger

# *The World Liberators*

Simon Stranger's previous young adult novel, *Barsakh*, introduced us to Emilie. *The World Liberators* is a new novel about Emilie, but the book is written to stand on its own.

In this new text, Emilie becomes involved in a youth protest group known as The World Liberators. The protest group is made up of young people of Emilie's age and a little older, and provides an outlet for their opinions on issues such as child labor, cruelty to animals, etc. Things begin with innocent protests, but soon develop into something increasingly more advanced – not to mention risky. *The World Liberators* is a thrilling political novel for young people.

## Simon Stranger

---

Simon Stranger made his literary debut as a children's author with the children's book *Krusedullen* in 2005. In 2006, *Gjengangeren* was awarded the prize for best children's book by the The Riksmål Association. Stranger has also written two critically acclaimed novels for adults.
