The continuation of Norway's first manga is finally here! The Dark Calf Caim is captured and sold as a slave in the kingdom of Ruter. However, he fetches an absurdly high price there, as he is quite unusual. Together with a slave girl, he must try to escape from the cruel tyrants of Ruter and make his way to Joker, the only place where he can find peace.

The dark elf - Alone *Book 1*

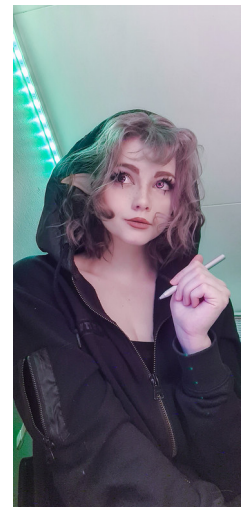

New epic manga for young adults. A visceral tale about not belonging.

All the dark elves have been exterminated except a little boy who grows up among white elves. His name is Caim. Caim is destined for a difficult life after the great war between the elves. Almost everybody hates him and wishes him dead. But one day his teacher tells him about a place called Joker where everybody can live in peace, regardless of who they are.

Joker becomes the place of Caim's dreams. It comes as a total surprise when a boy at school befriends him, a boy who doesn't seem to mind Caim's darker skin. But will their friendship endure until they reach the fabled place Joker?
